**\$Raphael & The Angels of Money Abundance Pentagram Empowerment\$**

**Archangel Raphael has given me this system to pass on to others who may be in financial need, or simply want to increase their income. This system helps with finding a job, increasing your income, getting unexpected cash, obtaining a loan, and career advancement. If you are working toward achieving a specific goal that moves you forward in your job or career, or if you are working to increase your flow of cash coming to you, the attunement to \$\$\$Raphael & the Angels of Money Abundance Pentagram Empowerment\$\$\$ will work to help you achieve this.**

**Archangel Raphael is very aware of the economy and the negative energies concerning money, abundance, and prosperity at this time in the world. And so He has asked that I get the energies out there and make them available to others as quickly as possible.**

**I realize the title of this system is long, but this is the title that Raphael gave me for this system, and so it is. This empowerment system has already helped increase my income and success, and I am happy to be able to have the opportunity to offer it to you.**

**\$Raphael & The Angels of Money Abundance Pentagram Empowerment \$**

**Archangel Raphael is an angel well known for healing, but he is also very concerned with the positive mind and attitude of humanity. The state of your mind, your mental worries and stresses can lead to illness. Therefore if you are constantly worried or stressed out about money, you may get ill, and it can lead to serious illnesses and disease. Raphael wants everyone to know that by connecting to Spirit, your Creative Source, you can improve your flow of money. There is no such thing as lack and limitation, nor is there any real competition between anyone—we are all equal. There is no reason to worry that you won't have enough, because you already have access to all that you need and more. The problem comes in when we become disconnected from the source of our power. When we worry, and everyone may have times when they do, it is important to realize that this is**

causing you to feel alone, and separated from your Creative Source. This turns into a vicious cycle that just snowballs and grows beyond what we can handle and our health begins to suffer as a result.

Everything is energy. Everything is connected. The money that flows to you is income that you create, not money you take from someone you consider to be a competitor. There is no limited amount of money out there. It is limitless! Money is energy—energy is boundless and in its state of potential, it can be transformed into money flowing to you. Energy is always moving, always changing, always transforming, and it is limitless. In this physical reality, we must have our thoughts, feelings, and actions in sync in order to manifest what we need. This is nothing but a transformation of energy of abundance in the form of money when it comes to our finances.

Archangel Raphael is here to help everyone understand that you can create a flow of money in whatever amount you need, by the power of believing, and feeling excited and passionate about what you want to achieve, and taking the necessary actions to create it in your life. This does not mean you take anything away from anyone else – it does not mean that if you have more, someone else has less, etc. This means that energy can be transformed so that you always have more than enough, and so does everyone else, if they choose to focus on creating positive cash flow in their lives.

I must admit, I have my days when I wonder where I will get the money for something I need. And I have noticed that the more I worry, the more depressed I get, and the worse I feel. As long as my attention is on not having enough—I don't have enough. But as soon as I clear away these negative thoughts and start working on something, and believe that I will have what I need, it always comes to me. Spirit will always supply you with what you need. There may be times when it gets a bit hard to stay focused, but if you can stay positive and continue to give what you can, help who you can, and keep your thoughts positive and on your goal, you will manifest it every time.

**Step one:** decide what you want to manifest: example—a good job, a better job, more money, unexpected cash, or any other goal you may have. Be clear on what it is and be specific.

**Step two:** visualize and focus your attention on your desire. See it as already yours, feel it, and make a plan to do something to everyday—no matter how small or large—that will move you toward your goal.

**Step three:** set your plan to action. Be determined, stay positive (believe), and take the necessary steps to achieve your goal. Know you will manifest your desire, know without a doubt you will get that Job! Be confident, (not arrogant) but believe it and actually work toward it in small steps if

necessary. Do not allow doubts or negative thoughts to sabotage your efforts. You must keep your attention on your goal.

If you follow this and actually do something everyday toward achieving your goal, you will manifest it.

The Raphael & Angels of Money want you to know that you can only fail, if you believe in failure. Choose to believe in prosperity, abundance, and lots of energy in the form of money coming to you. Always stay focused. If you do NOT allow the negative thoughts creep into your mind and turn your thoughts to false beliefs of failure, lack, and limitation, you cannot fail. You must be successful if you truly believe you are and take the necessary actions to achieve it. Because if you do not accept failure as an option, then you are projecting positive energies and believing in the full potential energies of the Universe. Be one with prosperity and abundance and success—vibrate it with all of your heart—and you will have it. Imagine what it would be like to achieve your goals and have all the money you need and more? Feel it and take action on it to achieve it—and it will be yours.

Below is the \$Raphael & The Angels of Money Abundance Pentagram Empowerment\$ Symbol:

\$Raphael & The Angels of Money Abundance Pentagram Empowerment  
\$Symbol\$

To use this symbol you can draw it in the palm of your hand with your finger, or on a small piece of paper, or you can draw it with your finger in

the air over whatever you wish to empower with the energies to attract more money, or find a job, or advance your career. The symbol will help also with directing the energies toward others you wish to send positive money blessings to or healing for money issues. Just draw it simply as a pentacle inside a circle with the dollar sign in the center. Place your palms together and run the energies. You will feel it when it is finished. Always thank the Universe, Spirit, or the Creative Source by whichever name you choose to use when you are finished.

### **Money or Job Spell**

To use the symbol with a candle you can draw it and place it under the safe candleholder on your alter or you can engrave it right on the side of the candle. A green, yellow, or red candle is suggested for this. But white is always a good substitute. If you would like to sprinkle herbs around your candle to enhance the energies, you might like to use patchouli, honeysuckle, cinquefoil, cinnamon, or alfalfa. There are other herbs that help also. Ginger give it more power, to move faster. Also blue vervain works well to speed the spell up.

Anoint your candle with olive oil if you have any, or the sacred oil of your choice. Sprinkle your herbs around your candle (just a small amount).

Draw the symbol on your palms or in the air with your finger and say:  
 “I call on Archangel Raphael and the Angels of Money, and I ask that you help me with manifesting (state in your own words what you need—a good paying job, increased income, steady income, to get a promotion, etc. whatever it is ask for it).

I ask for guidance in how to manifest and achieve my goals.  
 Please send opportunities to me.  
 Thank you.”

Adjust your words as needed for whatever it is you are wanting to manifest. I find that most often, what gives spells the most power is when you say what is in your heart.

### **To Receive This Distance Attunement:**

To receive your attunement, you will need about 20 to 30 minutes of quiet time to receive the energies of the attunement. You may receive the attunement distantly, as chi ball, or in person.

When you are ready for your attunement, get comfortable, relax, and take three deep breaths, exhaling slowly to relieve any stress of the day. Then when you are ready, say, “I accept this attunement for (name of

attunement, and level if appropriate) from (name of teacher) now.” Then just relax and allow the energies to flow in to you, and enjoy it. You will receive the attunement in the same way, no matter how it is sent to you. The difference in the methods of sending attunements varies, but the actual receiving of any attunement is always the same.

### **To Send This Distance Attunement:**

This attunement can be passed in person, distantly, or as chi ball method. The attunement is passed with intention in the manner that works best for you. Each person is a bit different in how they like to pass attunements—some use crystals, some use meditation, or soft music, chanting, or many other personal ways to increase power and ease of sending or passing attunements. It is my belief that each teacher knows what is the most comfortable, enjoyable, and powerful way that works best for them to pass on attunements, and whenever passing attunements you should always follow your guidance. Here is the basic method:

Get comfortable and relax. Take three deep breaths and exhale slowly to release any stress or tensions of the day. When you are ready, say, “I ask that (name of person being attuned) be attuned to (name of attunement, and level if appropriate) on (date and time).

If the attunement is sent as chi ball, you must create the energy sphere by creating energy between the palms of your hands, (move them closer together and out again—back and forth with your palms facing each other to build the energy), and use visualization to see the sphere or chi ball.

Then place the attunement energies inside the chi ball or energy sphere with visualization as you say, “I ask that (name of person being attuned) be attuned to (name of attunement and level if appropriate). I ask that the energies of this attunement be placed within this chi ball and that the energies be kept pure until (name of person being attuned) accepts this attunement. I ask that this (name of attunement) chi ball go now to (name of person being attuned) and continue to float around (him or her) until he or she calls it in and accepts this attunement. I thank you. And so it is.”

Again, I stress this is a basic way to send this attunement as chi ball and you as teacher should always pass attunements in the way that is best for you with pure intention. You may want to seal the chi ball sphere with angelic protection to keep the energies within the sphere pure until the student calls in the attunement. You can do this by simply asking the

Angels, or specific Angel like Archangel Michael to seal the energies with angelic light to protect them and keep them pure until they are received by the student. But again, you should do this in your own way. Always use the method and means of protection that work best for you.

May your life be greatly blessed by Archangel Raphael and the Angels of Money!  
 Many Blessings,  
 Linda
